Oil and Water

EXTRACTING PETROLEUM,
EXTERMINATING NATURE

- Oil and gas pipelines
- Shipping lanes, no wells permitted
- Oil refineries
- Louisiana Offshore Oil Port (L.O.O.P.), nation's only deepwater port, where oil is offloaded from tankers and piped to underground storage; capacity 50 million barrels.
- BP oil spill, point of origin for second largest oil spill in world history

Growth of Surveillance in Public Space
